This is a range of 20 excellent practical detailed guides for healthcare 'practioners' in developing countries where medical services may be limited. They are free to read online, can be downloaded or can be purchased

Mission

"Hesperian strives for a world in which people and communities are equipped to achieve health for all. Our mission is to provide information and educational tools that help all people take greater control over their health and work to eliminate the underlying causes of poor health."

"Hesperian produces and shares easy-to-understand health information for people worldwide."

These resources are available in many languages:
