“Humanity is called to justice, compassion and standing alongside the poor. If we root our response to the afflictions of extreme poverty and other major global issues in these values, we can ensure that the Sustainable Development Goals provide a vision and a framework through which all of us can play a part in working towards a more just world, in which all have the opportunity to flourish and where no one is left behind”

– *The Archbishop of Canterbury, 25 September 2015*

For disadvantaged communities to develop their best potential requires their access to and use of a wide range of ‘Know How’ and training resources, which can be addressed through at least 13 of the 17 SDGs including Goal No 17 which call for effective partnerships

Network resources will therefore be developed to offer as wide a range of free downloadable resources as possible with progress prioritised by Network members
